ESCAPE TO COCOA ISLAND, THE MALDIVES

Cocoa Island, the beautiful private island in the Maldives owned by COMO Hotels and Resorts, has been designed to maximise a guest's sense of escape – endless horizons, a still lagoon and powder white beach.

With the recent introduction of holistic health packages for 2008, it's the perfect place to address issues of well-being, supported by spacious, meditative accommodation in calming whites, healthful cuisine and quietly efficient service.

Cocoa Island is only 35 minutes by speedboat from Male. The resort has a foot-in-sand Retreat offering a carefully edited selection of meaningful treatments for mind and body with four 'paths' comprising a day's suggested treatments to purify, rejuvenate, relax and restore. The following package, designed for sale in this market, is in Australian dollars.
